ACHIEVEMENTS

IKARUS 2024
First Prize Winner at inter-college technical fest for innovation and technical execution.

Best Student Award 2025
Recognized for academic performance, productivity, and leadership in CSE-AIML.

PROFESSIONAL SUMMARY

Computer Science undergraduate specializing in AI and full-stack development with experience building web applications, AI-powered tools, and collaborative platforms. Strong background in hackathons, technical leadership, and rapid product prototyping. Skilled in developing scalable user-focused applications using modern web technologies and AI integrations.

EDUCATION

KG Reddy College of Engineering and Technology **Expected Grad: 2027**
B.Tech in Computer Science Engineering • CGPA: 8.41

EXPERIENCE & LEADERSHIP

Secretary, Editorial Board **Aug 2025 – Present**
Student Council

- Coordinated student communications, event documentation, and digital outreach initiatives.

Head of Publicity **Oct 2024 – Aug 2025**
Artificial Intelligence Club

- Led promotional campaigns, technical event outreach, and community engagement activities for AI-focused events.

CSRBOX Intern – IBM SkillsBuild **Jul 2024**

- Worked on AI, cybersecurity, chatbot development, and machine learning fundamentals through industry-oriented training modules.

PROJECTS

EventOS
Event Management Platform

- Built a modern event management platform focused on streamlined event organization and user interaction.
- Developed responsive UI workflows and deployment-ready architecture using modern web technologies.
- Implemented scalable frontend structure and collaborative development practices using GitHub.

MailGenius
AI Email Automation Tool

- Developed an AI-powered email automation system for generating and managing professional email workflows.
- Focused on productivity optimization and intelligent response generation features.

EchoLens
Real-Time Sentiment Tracking Dashboard

- Created a sentiment analysis dashboard capable of tracking and visualizing opinion trends in real time.
- Applied NLP concepts and interactive dashboard design for data interpretation.
